

G20 INVESTMENT WEEK

MIAMI, FLORIDA | DECEMBER 11 TO 15, 2026

Five days, one continuous conversation. The week brings the world's capital owners to Miami in the days leading up to the G20 Leaders' Summit. Each day is led by a different community, and each follows on from the last.

What institutional investors put on the table on Saturday is taken up by sovereign funds on Sunday, weighed by pensions and endowments on Monday, and carried to the leaders' stage on Tuesday. Stay for the week and you meet every kind of allocator, not only your own peers.
